

QUIET RESTORED  
IN OLD MEXICO

Trouble Reported in Only One District.

NOW REGARDED AS BANDITS

Former Revolutionists Alleged to Have Become Looters and Pillagers. Whereabouts of Madero Apparently Unknown to Mexican Authorities—Alarmist Rumors Are in Circulation.

Laredo, Tex., Nov. 25.—Mexican Consul Miguel E. Diebold, with headquarters in this city, received official advice that quiet had been restored at all points throughout the country. The only exception cited is in what is known as the Guerrero district, in the state of Chihuahua. In that section 200 revolutionists are still making attacks on small villages.

The consul says they are not "revolutionists," but bandits who are in the field to rob and pillage. General Luro Villar, stationed in Nuevo Laredo, Mex., received official advice from all points embraced in his jurisdiction, extending from Matamoros to Colombia, thirty miles above Laredo, on the Mexican side of the river, that everything is quiet along the border and in the immediate interior.

The Mexican government still maintains a cordon of troops guarding the border. On the American side of the river troops are on guard from Brownsville to Del Rio, and, according to information covering this stretch of territory, quiet has existed all day.

Situation Well in Hand.

Consul Diebold says the Mexican government has the situation well in hand. Sporadic outbreaks may occur, he says, but the troops are adequate to cope with the situation and any uprising will be immediately suppressed.

If the whereabouts of Francisco Madero are known no intimation is given out by the Mexican authorities.

Notwithstanding the tranquil conditions, alarmist rumors are still in circulation. These rumors are not confined to the border towns, but are current even in the capital, Mexico City. A rumor current there and which was reported to the minister of war was to the effect that an attack would be made upon Matamoros. This rumor was communicated to General Villar, who in turn got in touch with his aides in Matamoros.

After a thorough scout of the country a reply was sent to General Villar that there was no indication of any outbreak either at Matamoros or in the immediate vicinity.

General Trevino, who left Monterey with a train load of soldiers for Torreon over the Mexican international railroad, has not arrived there yet.

## ALL IS QUIET AT TORREON

And There is No Trouble in Four Mexican States.

Torreon, Mex., Nov. 25.—All is quiet here and at Gomez Palacio, a few miles to the north. Not a shot has been fired here and reports that the town had surrendered to the revolutionists are baseless.

The only fighting in this vicinity occurred at Gomez Palacio last Monday, when the rural police put to rout a band of looting rebels. In the engagement seven rebels and six defenders of the town were killed.

There is no trouble in the states of Durango, Zacatecas, Sinaloa and Aguascalientes. The excitement caused by the outbreak is subsiding and business in this territory has been resumed as usual.

During the fighting at Gomez Palacio the adjutant, a citizen helping in the defense and a revolutionist were killed. A policeman who was wounded later died. Several of the attacking party were wounded, but they were carried away by their comrades. After routing the police the rebel band, now grown to number 200, entered the government pawnshop and, opening the vaults, seized a supply of arms. They then marched to the tax collector's office and demanded \$5,000, promising to reimburse the collector when the cause of Francisco Madero, the rebel leader, triumphed. Under threats the collector opened his safe and the invaders seized \$400.

Leaving the tax collector's office the marauders encountered a party of rurales under command of Chief of Police Zuniga. The rebels were forced back and dispersed. A small band of rurales from Lerdo arrived on the scene during the fighting and engaged a group of the rebels. The rurales were outnumbered and fell back. After this encounter the revolutionists fled to the mountains.

The Twentieth battalion from Mexico City passed through here bound for Parral, where there is an unconfirmed report of trouble.

## AMERICANS DINE ABROAD

Banquets Held in London, Paris and Buenos Ayres.

London, Nov. 25.—The American ambassador, Whitelaw Reid, was among the speakers at the Thanks giving day banquet of the American society.

Paris, Nov. 25.—Thanksgiving celebrations by Americans in Paris were held at the Students' hotel and the American Girls' club in the Latin quarter. Sailors from the American warships observed the day as a general holiday at Cherbourg. Special dinners were given to the men, at which 100 sailors from each of the French warships now in Cherbourg harbor were the specially invited guests of Rear Admiral Vreeland.

Buenos Ayres, Nov. 25.—Thanksgiving day was celebrated by the Americans here with a dinner and reception given by Charge d'Affaires Bliss at the American legation.

Washington, Nov. 25.—Thanksgiving day was appropriately observed in the cities and towns of the United States.

## HUNDREDS SIGN THE PLEDGE

Novel Water Wagon Parade in New York City.

New York, Nov. 25.—Although the price of turkey was higher than usual it is doubtful whether any one in New York went without a good Thanksgiving dinner. Those who did were too proud to accept the bounty offered by countless charitable institutions and individuals ready to supply their needs. Dinners were furnished to thousands of poor persons in baskets at their homes or at relief stations. Following the custom established a year ago the Salvation Army devoted Thanksgiving day to a campaign for the rounding up of drunks. As an incident of its crusade a "water wagon parade" headed by a real sprinkling cart drawn by six horses was held through the downtown streets.

As a result of the campaign 1,500 men and women signed the pledge.

## Bread Centuries Old.

Winona, Minn., Nov. 25.—C. C. Miller, manager of the Park hotel, has received a queer piece of bread from C. C. Bogle, a friend residing at Durango, Colo. The bread was found in the ruins of a cliff dweller's house there and is supposed to have been baked centuries ago.

## Ignored by House of Lords.

London, Nov. 25.—The house of lords without a division adopted the resolutions of Lord Lansdowne, the opposition leader, and decided to send them, together with Lord Rosebery's plans for the reformation of the membership of the lords, to the house of commons. The upper chamber then adjourned until Monday, when dissolution of parliament will take place. Thus the government's veto bill has been ignored by the house of lords.

## Gives Millions for School.

Pittsburg, Nov. 25.—Trustees of the Carnegie institute announced that, following Andrew Carnegie's gift of \$1,500,000 for immediate use in building extensions and equipment of the technical schools here, the school patron also has given an additional sum of \$2,000,000 in 5 per cent gold interest bearing bonds of the United States Steel corporation, which are said to have a market value of \$2,300,000.

## Rebels Control One Village.

El Paso, Tex., Nov. 25.—Mail reports from Chihuahua city say machine guns are in position to defend the city and that guards are mounted at night on the church tower, Palace hotel and municipal buildings, but no trouble has occurred. Revolutionists are reported still in control of the small town of Guerrero. Elsewhere in Chihuahua state government troops have retaken all towns.

## The Transformation.

They sat hand in hand on the yellow sands, in the shelter of a boulder, watching the fleecy wavelets creep timorously shoreward.

"Frankie," she sighed, "say I'm oos ikkle petrie once more."

"Oo's my ikkle petrie, blussums ikkle heart," I came petrie, the youth in the puke socks.

Up to the blue heavens rose a fat guffaw from the other side of the boulder.

"Ikkle petrie! Ikkle petrie!" chuckled a corpulent gentleman with a four day stubble growth.

"Go it, Frankie! You ain't arf done yet. Eight years ago!"

"'Enry!' interrupted a shrill voice from the cliffs above. 'You'll sleep wot little sense you 'ave got away if you ain't careful. Thought you was goin' to get some wheiks for tea!'"

"Eight years ago, Frankie," continued the stout gentleman, mournfully, "singing his thumb cliffward, 'she was my ikkle petrie!'"—London Tit-Bits.

## Salesman Killed.

Minneapolis, Nov. 25.—John St. John, fifty-eight years old, traveling salesman for a St. Paul tea company, was killed at Green Isle, Minn. He was run over by a passenger coach on the Minneapolis and St. Louis road. It is not known exactly how it happened. Up to last spring Mr. St. John lived in Minneapolis.

## MRS. RUSSELL SAGE.

Will Furnish Funds to Establish a Model City.

## RUSSELL SAGE FOUNDATION

Preliminary Plans for Model City Announced.

New York, Nov. 25.—The preliminary plans of the Russell Sage foundation, established by Mrs. Sage as a memorial to her husband, for the establishment of a model suburban city, providing healthy and beautiful homes for persons of moderate means, have been announced. Briefly, the project is to utilize a tract of 142 acres of land at Forest Hills Gardens, Long Island, nine miles from this city, in laying out a town for 1,500 families. The initial financial expenditures for the purpose, it is announced, now amount to \$2,250,000. How much more will be needed to carry the plans to completion is not known, but the foundation trustees say that Mrs. Sage is prepared to supply all the funds required.

Through the announcement it is made plain the enterprise is not a charity, but is to be made self-supporting and yield a fair return on the investment. Its purpose, rather, is to enable persons in moderate circumstances to own their own homes at a minimum cost, while obtaining buildings of better construction than the average individual could erect, and amid surroundings and under restrictions that will make the little city an ideal residence place. The minimum cost of paying for a home there, it is estimated, will be \$25 a month, including principal and interest.

For the present laboring men, whose wages are small, will not benefit directly from Mrs. Sage's enterprise. The cost of land in Forest Hill, it is explained, precludes provision being made there for the working class. Intimation that they will be cared for later, however, is given.

APPROVES COURSE  
TAKEN BY GOMPERS

Federation of Labor Sustains His Action.

St. Louis, Nov. 25.—President Samuel Gompers was called upon to defend a charge that the executive council of the American Federation of Labor recently had been influenced by the American Newspaper Publishers' association at the afternoon session of the convention.

"The controversy was precipitated as the result of a special committee report, upholding the action of the executive council in preventing a boycott on the San Francisco Call, which a newspaper solicitors' union some months ago desired to make effective.

Andrew J. Gallagher of the San Francisco Trades and Labor council spoke for the solicitors. He said the federation council, as the result of influence brought to bear by the publishers, had threatened to revoke the charter of the newly organized solicitors if they continued the boycott. He asserted that J. M. Lynch, president of the International Typographical union, was aligned with Gompers and the publishers. Mr. Gompers denied that undue influence had been responsible for the action of the federation council.

President Gompers explained that he had advised the action because the solicitors' union, being directly chartered by the federation, had taken up the boycott without reference to the parent body, and without reasonable excuse. The convention sustained him.

## JAIL PRISONER KILLS SELF

Mill City Man's Father Cuts Throat at Madison, S. D.

Madison, S. D., Nov. 25.—William Wilkie, a prisoner in the county jail, committed suicide in his cell by severing the jugular vein with a broken and rusty jackknife left a year ago by a mechanic who did some repairs in the cell. This old blade he had whetted, with much labor, on the iron bars until it was sharp. He sat on the cot and held his head over a wash basin while he cut his throat. Wilkie resided with his family on a rented farm ten miles southwest of the city. Recently he began drinking and while drunk threatened with gun in hand, to shoot his family. He is survived by a widow, three sons and two daughters. The oldest son, William Wilkie, Jr., resides in Minneapolis.

THEIR METHODS  
VERY WASTEFUL

Congressman Mann Criticises American Railroads.

TRAINED MEN ARE NEEDED

Illinois Man Declares That the Railroads Are Not Operated Scientifically, But He Does Not Agree With Attorney Brandeis That They Waste a Million Dollars a Day Through Inefficiency.

Washington, Nov. 25.—Present methods of railroad operation in this country are extremely wasteful and will be so until scientific operation is adopted, in the opinion of Congressman James R. Mann of Illinois, chairman of the house committee on interstate and foreign commerce. Mr. Mann is not prepared to agree with Attorney Louis D. Brandeis that the railroads are wasting \$1,000,000 a day through inefficiency, but he believes that the amount must be one of tremendous magnitude.

This topic of operating methods is now uppermost in interest in that part of the official world having to do with national railroad problems. The charge of gross wastefulness has been brought against the roads by the shippers fighting an advance in freight rates and Mr. Brandeis will attempt to demonstrate before the interstate commerce commission that there would be no need of raising the rates if the suggested economies were put into practice.

"I am inclined to think the estimate of \$1,000,000 daily waste in railroad operation is exaggerated," said Mr. Mann, "but I have been convinced by my fourteen years' study of railroad problems that the sum must be a large one. The railroad business in this country is really in its infancy. The best thought of the railroad managers has been given to the establishing and financing of the roads and the development of their business. So far they have given comparatively little thought to the scientific operation of their roads with a view to effecting economies. Railroad presidents have admitted as much in discussions of the matter and there are indications they are beginning to move in the direction of greater efficiency."

## Need Trained Men.

"What the railroads need most is trained men, and lots of them. At present the roads are run by men who generally lack scientific training. They come up from the ranks and they manage a railroad, with the best ability they have, but they lack the education that would enable them to deal with vast problems in a scientific way. It is well enough to promote a section hand up through the ranks till he becomes a general manager. He may be a good man. It is fine for the section hand, but if in addition to his actual experience in operation he could have a scientific education he would view his work in a different light and introduce methods undreamed of by the untrained man."

"More and more industrial concerns are employing men who have received an education of some kind. It is not college that makes a man by any means, but all the forms of higher education have their value, and this is being recognized in almost every business. What we need in this country is the establishment of railroad education. It should be possible for a young man to study railroading as he studies anything else, to get a good training in scientific railroad operation. Then if the roads would draw their employees from the ranks of men trained for the business they soon would find their business was being run in a scientific way and at an immense saving in the cost of operation."

"That there is a tremendous waste in railroad operation is potent to all students of the subject. The congestion of traffic, the long delays in the handling of trains, cars and shipments, the inequalities in rates observed in the long and short haul problem and a dozen other phases of the situation prove this."

## ONE DEAD AND ONE DYING

Coal Gas Proves Fatal to Wisconsin Boy.

La Crosse, Wis., Nov. 25.—Christian Biengard, aged sixteen, is dead and Claus Skunberg, aged eighteen, is believed to be dying as a result of suffocation from coal gas at the home of the former's grandparents in Galesville, Wis., where they were spending Thanksgiving.

The old couple went to a funeral, leaving the boys, who were students at Gale college, at home. Returning they found Biengard dead on the floor and Skunberg unconscious in a chair.

## New Judicial District Sought.

Mandan, N. D., Nov. 25.—Efforts to obtain the creation of another judicial district in the southwestern section of the state will be made at the approaching session of the state legislature. There are at the present time ten counties in the Tenth judicial district, over which Judge Crawford presides, and the fact that two new counties have been created out of part of Billings county increases the number to twelve. At this time only one new district will be sought and it will be made to embrace Bowman, Billings, Slope, Golden Valley and Adams counties, together with Stark, with the chambers at Dickinson.

## CONGRESSMAN MANN.

Declares Methods of Railroads Are Wasteful.

## REDS IN COUNTY OFFICES

New South Dakota County Has Indians in Politics.

Pierre, S. D., Nov. 25.—A glance over the list of names of the first officials of the new county of Dewey, indicates that the Indian knows how to play politics when the opportunity comes his way, just as well as does his pale faced brethren. There were three voting precincts, Timber Lake, White Horse and Isabel. Isabel wanted the county seat, as did Timber Lake, both being within less than two miles of the northern line of the new county. White Horse was not a candidate, but the result shows that out of the situation White Horse gets the official list and Timber Lake got the county seat. Isabel threatens to contest everything, but the wilds pulled out of it with practically every office in the new county as their share of the spoils.

FOR RURAL FREE  
DELIVERY ROUTES

Hitchcock to Recommend Limited Parcels Post.

Washington, Nov. 25.—A limited parcels post for the rural free delivery routes will be recommended by Postmaster General Hitchcock in his forthcoming annual report. In announcing this the postmaster general foresees the establishment of a general parcels post throughout the country as soon as the postal savings system is thoroughly organized.

As the preliminary step in the development of such a service Mr. Hitchcock will ask congress to authorize the delivery on rural routes of parcels weighing as high as eleven pounds, which is the weight limit for the international parcels post. This form of service, it is maintained, can be conducted with little, if any, additional expense to the government. It will not require the appointment of more carriers, for those already employed have the necessary equipment in the way of horses and wagons to distribute the parcels as well as the ordinary mail. Rarely is the latter of sufficient volume to take up more than a small portion of the mail space in the carrier's wagon.

A rural parcels post of the kind proposed, if successfully conducted, probably would lead the department to attempt a more general system. Mr. Hitchcock believes, however, that before the parcels service is extended to the whole country definite information should be obtained as to the nature and volume of business to be handled. He accordingly urges that, in conjunction with the experiment on rural routes, a further inquiry be authorized by congress that the department may be in a better position to develop the system on conservative lines. He recommends a special appropriation be made for the inquiry at the coming session.

## MAD NORWEGIAN REPORTED

Sent to Asylum Before He Is Found to Be Alien.

Pierre, S. D., Nov. 25.—Gilbert Johnson, a young Norwegian, was adjudged insane by the county court of this county last winter and was taken to the asylum at Yankton as a county charge. County Judge McCord investigated and finally found that Johnson had never become a citizen of this country, and had been in America only a short time. He called the case to the attention of the Norwegian consul at St. Paul, but alleges he got no satisfaction. He then took the matter up with the state department at Washington, and Johnson has been deported for care by the country of which he is a citizen.

## Editor Denied Change of Venue.

Mitchell, S. D., Nov. 25.—The supreme court, in the case of W. R. Irwin of this city against Thomas Taubman, editor of the Plankinton Herald, denied a change of venue. Irwin brought suit against Taubman for \$10,000 in this county. Taubman's attorney asked for a change of venue from Davison to Aurora county, the home of the defendant, but Judge Smith ruled against him. Mr. Taubman then carried the case to the supreme court, and the decision was maintained.

MUTINY ON TWO  
BIG BATTLESHIPS

## FOUND CONDITIONS BAD

Truant Officer Pippy Visits Bemidji and Examines Schools and Factories

The Duluth Herald contains the following reference to a Brainerd official who is visiting Bemidji:—"G. W. Pippy, truant officer for the state labor bureau, found conditions rather deplorable here."

"With Superintendent of Schools Dyer he made a hurried trip in search of children who should be in school. Two boys were found in one family living in a log house. Each of the boys was so thinly clad that it would be impossible for them to go to school. Clothing will be provided."

"Promises were obtained from three families that children would be in school Monday. The city will be gone over carefully and every child will be compelled to get into school."

"Another object of Mr. Pippy's visit is to see that the state law which forbids the employment of a child under 16 years is not being violated. He will visit all the stores, factories and other places where children are likely to be employed."

## THE BRAINERD JOURNAL

New Weekly Paper Will Be Started Here With Plant of the Arena

Mr. and Mrs. R. M. Sheets, recently of Long Prairie, Minn., have arrived in the city and will reside here in the future, having rented the residence property at 712 6th street north. Mr. Sheets has bought the old Arena printing plant of Congressman C. A. Lindbergh who recently acquired the same, and will within a week or so start the publication of a weekly newspaper which will be known as the Brainerd Journal.

Mr. Sheets has contracted with Congressman Lindbergh for the publication of a magazine which Mr. Lindbergh proposes to issue monthly for 10 months every year. It will be a very pretentious publication consisting of a hundred or more pages 6x9 inches, and it is expected that 10,000 will be issued from the start. It will be wholly a new industry for the city.

## Huffman-Schwartz

John C. Huffman, of Pine River, and Myrtle M. Schwartz, of Jenkins, were married at 3:30 on Wednesday afternoon at the Methodist Episcopal parsonage with the Rev. Charles F. Lavis officiating. The pleasing ceremony was witnessed by a few of the friends of the contracting parties and the short ring service of the church was used.

The young couple left on the afternoon train for Boy Lake, east of Leech Lake, at which place Mr. Huffman has a farm and where they will reside. Miss Schwartz was one of Crow Wing county's popular school teachers for several years. Mr. Huffman being well and favorably known in Pine River.

## Bryan Serves Warning.

Lincoln, Neb., Nov. 25.—Serving notice that he will fight any movement looking to the nomination in 1912 of a conservative Democrat for the presidency William J. Bryan, in this week's issue of his Commoner, attacks the proposed conference at Baltimore suggested by the San of that city.

## Currant Jelly Water.

Currant jelly water and added to cold water makes a refreshing drink for feverish invalids.

## DRIVING COLD FROM SYSTEM

Most Effective and Harmless Way to Cure Severe Cold and End all Grippe Misery

The most effective and harmless way to cure the grippe or break a severe cold, either in the head, chest, back, stomach or limbs, is a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel the cold breaking and all grippe symptoms going after the very first dose. It promptly relieves the most miserable neuralgia pains, headache, dullness, sneezing, sore throat, running of the nose, soreness, stiffness and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or grippe.

Crews of Brazilian Sea Fighters Seize Vessels.

## TURN GUNS ON THE CITY

Mutineers Bombard Rio Janeiro Because the Chamber of Deputies Does Not Grant Their Demands—Two Children and a Woman Killed. Movement Said to Be Without Political Significance.

Rio Janeiro, Nov. 25.—The chamber of deputies closed its meeting and adjourned with the question of amnesty for the mutineers still under discussion. It is thought amnesty will be granted by a small majority.

The Sao Paulo and Bahia have gone outside of the bar, but the Minas Geraes has taken up a position in the bay opposite the government palace.

As Captain Neves, commanding the battleship Minas Geraes, came back from dinner on board the French training ship Duguay Trouin, he heard a violent uproar and a fusillade of shots. It was the crew of his vessel in revolt. Captain Neves and two other officers offered resistance to some of the sailors and were killed and one officer was mortally wounded. The mutinous crew meanwhile shouted "Long live liberty."

The insurrectionary movement then broke out on board the other new Brazilian dreadnought, the battleship Sao Paulo and the scout ship Bahia. All the officers having been landed, a plain sailor of the first class named Jean Candido took command of the squadron.

Ammunition was provided, provisions were requisitioned and a coal depot on the Isle of Vianna was taken. Vessels were prevented from transporting coal destined for the French steamer Atlantique and the English ship Oronsay.

The movement was declared to be without political significance. The mutineers sent a message by radiograph to President Fonseca, setting forth their claims for an immediate abolition of corporal punishment on board ship, an increase in their pay, according to the programme submitted to congress some time ago, and diminution of the work with which they are burdened by reason of the maintenance of incompetent crews. The statement added that a bombardment of the city and of other ships in the harbor would follow the refusal of the demands.

## Ships Bombard City.

The government refrained from replying to the ultimatum of the mutineers and a moderately severe fire was soon opened by them upon the city. This continued at intervals all night. The inhabitants of Rio Janeiro were thrown into confusion by the suddenness of the event.

Later there was further firing on the city by the mutineers, the shots coming at frequent intervals. Little damage to the city resulted from the bombardment, however.

It has been learned that, besides Captain Neves and the two officers, several sailors also were killed.

When the mutineers took control of the warships the vessels steamed around the bay, almost all of them flying the red flag of revolt from their masts. The torpedo boat destroyers remained loyal and anchored in the farthest corner of the bay.

Finally the Minas Geraes, the Sao Paulo, the Bahia and the battleship Marshal Floriana crossed the bar and fired on the fortress, which refrained from responding. Curious crowds gathered on the water front and watched the vessels maneuver.

Surprise was expressed at the precision with which the giant fighting ships were handled by their sailor crews. It was difficult to imagine the absence of all the officers from the vessels. Once outside the bar the squadron put about and again entered the bay, took up a position opposite the city and fired the big guns from all quarters of the ships. A shot from a small caliber gun entered a house on Castello hill, in the center of the city, killing two children and a woman.

During the day shots were particularly directed at the marine arsenal. A small boat flying a white flag went alongside the Sao Paulo. It carried Deputy Carvalho, a retired naval officer, who desired to talk with the mutineers. A little later the deputy returned to shore and made a report to the chamber of deputies, which had been convened in special session to deal with the revolt. The entire membership of the chamber declared its support of the government.

Later Delegate Carvalho again went out to the Sao Paulo carrying conditions of surrender to the mutineers. The crew, however, declared their intention not to give in until congress voted a measure of general amnesty.

## Would Promote Patriotism.

Red Oak, Ia., Nov. 25.—In order to foster and stimulate a spirit of patriotism among the children of the rural districts of Iowa George Schee of Primghar has set aside \$10,000 of his fortune for the purchase of American flags and poles from which to fly them. The 487 rural schools of Keokuk, Marion and Mahaska counties are the immediate beneficiaries of this gift.

FRIDAY, NOVEMBER 25, 1910

It seems we are on the reservation.

The man with the ax will now have  
a rest until Christmas time. The  
turkey that escaped the Thanksgiving  
execution should not crow over it.

Less than a week now until the  
members of the Northern Minnesota  
Development association will as-  
semble at Brainerd. Everybody get  
ready to boost.

Hon. C. A. Lindbergh leaves  
Little Falls today for Washington  
to take up the work incident to the  
coming session of congress which con-  
venes Dec. 5.

Bob. Dunn refuses to become a  
candidate for speaker of the house  
at the coming session. Mr. Dunn  
has his winter's work cut out and  
evidently thinks he can secure bet-  
ter results as a floor member.

The brewery firm that is adver-  
tising an offer of \$50 for the best  
essay on beer had better turn their  
attention to the more serious ques-  
tion that confronts them. You can't ship  
it anywhere on the reservation.

The Elk River Star-News says a  
preliminary session of the legisla-  
ture will be held at Brainerd Dec. 1  
and 2, in connection with the Nor-  
thern Minnesota Development asso-  
ciation. Bro. Dare is an ex-speaker  
of the Minnesota house and he  
will be given the freedom of the city  
if he attends.

The good roads amendment was  
the only one of the six voted on at  
the recent election to carry. The number  
of votes necessary was 156,209 and  
the amendment received 159,746. It  
is a matter of considerable impor-  
tance to the northern part of the  
state that the people took enough  
interest in the matter to vote for it.

## Notice

## LOCAL NEWS NOTES

William Graham went to Staples  
today.

H. K. Bishop came from Deerwood  
today.

John Ernster went to Callaway  
this noon.

Mrs. George Warner went to St.  
Paul today.

Mrs. H. L. Jones went to St. Paul  
this afternoon.

Henry Mills, of Hamline, is home  
for the holidays.

Mrs. Alex Rose, of Klondyke, came  
to Brainerd today.

R. Buchman returned this after-  
noon from Detroit.

Mrs. George Smith, of Deerwood,  
is visiting in the city.

Store your stoves and household  
goods with D. M. Clark & Co. 110tf

Mrs. T. H. Murphy is visiting re-  
latives in Chisholm.

C. A. Weyerhaeuser, of Little Falls,  
is in Brainerd today.

William Knuppel, of Deerwood,  
was in the city today.

Attorney A. T. Larson went to  
Leorch this afternoon.

L. C. Kessal, of Deerwood, spent  
Thanksgiving in the city.

Mr. and Mrs. Alla Cuskey are  
visiting friends in Aitkin.

Mr. and Mrs. August Ilse went to  
Virginia on Thanksgiving.

J. H. Krekelberg returned this af-  
ternoon from a visit at Dent.

P. A. Gough, of Deerwood, went  
to Minneapolis this afternoon.

Miss Dorothy Hannaway is home  
for the Thanksgiving holidays.

John A. McKay returned this af-  
ternoon from his visit at Duluth.

H. Alger Anderson of Duluth, spent  
Thanksgiving with his parents.

Ray Barron, a custom inspector at  
St. Vincent, is visiting his parents.

R. L. Kilpatrick, of Crosby, is in  
the city attending to business mat-  
ters.

Let D. M. Clark & Co. furnish  
your home. Your credit is good.

ing school at Little Falls is home  
for the holidays.

Frank Whiteley, who has been  
visiting his parents, returned today  
to Minneapolis.

Twelve deer came down the M. &  
I. this noon and were transferred to  
the St. Paul train.

Miss Louise Pape arrived this af-  
ternoon from St. Cloud to visit Mr.  
and Mrs. C. O. Fields.

C. J. O'Connell returned today  
from Minneapolis, where he attend-  
ed the funeral of his father.

Rev. Father LaMothe, of Little  
Falls, the rector of the French Cath-  
olic church, is in the city today.

Mrs. F. L. Gorenflo, who attended  
the recent Davis funeral, has re-  
turned to her home in Cass Lake.

Thomas Beare and his friend,  
Stewart Hingline, are spending the  
Thanksgiving holidays at his home.

Rev. Charles Fox Davis went to  
Mortley this noon to deliver a lecture  
and will return tomorrow morning.

Mrs. Wm. Finley, of Norwood, On-  
tario, arrived in the city today to  
visit her sister, Mrs. Wm. E. Nel-  
son.

John Bergstrom and wife, of Sta-  
ples, spent Thanksgiving in the  
city the guests of Wm. Grand and  
family.

M. B. Peterson, of Clarissa, passed  
through Brainerd today with two  
deer he had shot in northern Min-  
nesota.

Carl Nelson, of Duluth, who was  
at the N. P. sanatorium having a  
smashed foot treated, has returned to  
his home.

The Misses Amy Gilbertson, Maude  
Cullen and Evelyn Storm, students  
at the Duluth Normal school, spent  
Thanksgiving at home.

Mr. and Mrs. A. A. Spicer, who  
have been the guests of Mr. and Mrs.  
J. W. Stearns, returned to their  
home in Staples today.

D. M. Clark & Co., the oldest in-  
stallment house in the city. Es-  
tablished 28 years. Goods sold on  
easy terms. 110tf

Miss Gannell Huseby, Master Wal-  
ter and Miss Ethel Huseby, of Clo-  
quet, spent the holidays with Rev.  
and Mrs. M. L. Hostager.

Thanksgiving with Mr. White's par-  
ents, Mr. and Mrs. I. U. White.

Miss Carrie E. Minich, of St.  
Cloud, is in the city, the guest of  
Mr. and Mrs. F. W. Wieland dur-  
ing the Thanksgiving vacation.

F. C. Rowell has gone to Jones-  
boro, Arkansas, to spend the winter,  
after visiting his sister, Mrs. Geo.  
Gardner for the past two months.

Mrs. Susan Whitford, the Misses  
Florence and Rachel and Dan Whit-  
ford returned this noon from a visit  
at Pine River with George Whitford.

R. H. Shumaker, cashier of the  
First National bank at Bemidji,  
spent Thanksgiving in this city at  
the home of Mr. and Mrs. N. H. Inger-  
soll.

Winthrop Bowen, a Minnesota uni-  
versity student of Pasadena, Cal.,  
is in the city spending the Thank-  
sgiving vacation, the guest of Walter  
Wieland.

C. H. Sherman, who formerly was  
with the Brainerd Dispatch and lat-  
ter had a newspaper at Brownville,  
is in the city today renewing old ac-  
quaintances.

Miss Jule O'Brien, Miss Geraldine  
Fleming and Harry Murphy, students  
at the University of Minnesota, are  
spending the holiday season with  
their parents.

Rev. Lowrie returned yesterday  
from St. Louis county where he was  
fortunate enough to shoot two bucks.  
In which hunting record he now ex-  
cels his friend, Rev. Charles Fox  
Davis.

John Roschi, of southern Wiscon-  
sin, is visiting Mr. and Mrs. W. V.  
French. He was at the depot this  
noon and caught his first sight of  
northern Minnesota deer and was  
greatly interested in the display.

Modern plumbing and heating,  
water and sewer connections, at  
lowest prices. Get our estimates.  
D. M. Clark & Co. 110tf

Mr. and Mrs. W. H. Thompson, of  
Little Falls, arrived today to visit in  
the city. Mr. Thompson is manufac-  
turing his new turbine engine in  
Little Falls and several Brainerd  
people are interested in the venture.

The "butcher cases" as they are  
now being termed, have been con-  
tinued to December 5th. These are  
cases the city has brought against  
the butchers of the city for infrac-  
tion of the ordinance requiring them  
to pay a \$25 license.

Miss Bessie Wieland came up from  
Minneapolis on Wednesday evening  
to spend the Thanksgiving vacation  
with her parents, Mr. and Mrs. F.  
W. Wieland. She was accompanied

by a university friend, Miss Arline  
Webster, of Waucoma, Iowa.

L. N. Beckwall, the foreman of  
the J. B. Nelson Co., of Mankato,  
which had the contract for the con-  
struction of the Iron Exchange build-  
ing, left today for his home in Man-  
kato, from which place Mr. Beck-  
wall and family will leave for a tour  
of Sweden and a long visit at Malma.

Rev. James H. Mahaffy, of Edger-  
ton, has written the local Congre-  
gational church trustees that he will  
be here next Sunday to preach morn-  
ing and evening at the church. Rev.  
Mahaffy is a candidate for the church  
at Brainerd and if arrangements mu-  
tually satisfactory can be made he  
will assume the pastorate.

M. J. Reilly is spending the holi-  
days with his family. "If I can get  
away from my friends today, I shall  
leave this noon for Detroit. But if  
they keep me over until tomorrow I  
shall stay in Brainerd until Monday.  
You know how it is," said he, while  
speaking to M. T. Dunn, Col. C. D.  
Johnson and J. Batchelder.

### Superb Store Service

# "The Store of Quality"

The first thing that any woman wishes is  
to get the things which please her.

We buy none but good merchandise, correct in style.

We do not buy salesman's samples and second class goods and place them  
in special sales and then tell you they are REAL BARGAINS.

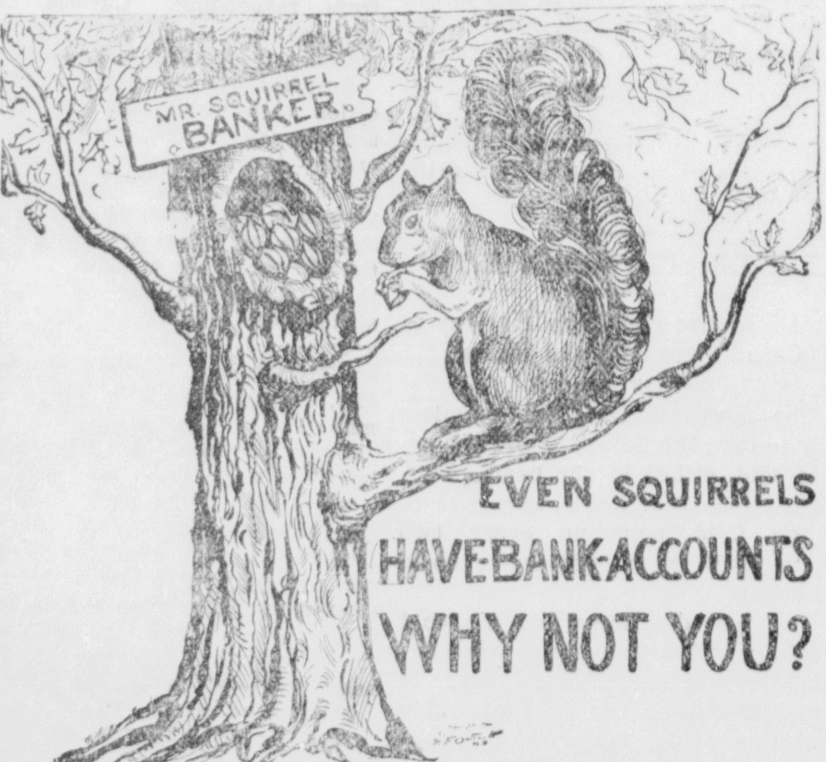

We buy none but the first quality. Quality first is the word with us.

We pride ourselves on having an unexcelled corps of sales-people.

The heads of our establishment insist that our customers shall be treated  
as invited guests and that they shall be shown civility and given honest  
suggestions in the selection of anything they wish to buy. We do not try  
to force sales but only to show a good quality of merchandise at a reason-  
able price. Our goods, when merely shown, sell themselves.

Get the habit, make our store your store and you get the goods of Quality  
and style.

# The Geo. F. Murphy Co.

## HORSE KILLED IN COLLISION

Koop and O'Brien Delivery Wagons  
Collide on Oak Near Twelfth  
Street

OCCURRED ON WEDNESDAY EVEG.

Shaft of Koop Wagon Pierces O'Brien  
Mercantile Co. Horse, Killing  
Him Instantly

The O'Brien Mercantile Co.'s delivery wagon and the single horse delivery wagon of J. W. Koop collided at half past six o'clock Wednesday evening and the O'Brien horse was almost instantly killed, a shaft of the wagon piercing his breast.

As told by Neil O'Brien, the driver of the O'Brien wagon, he considers himself blameless in the matter. He was traveling west on Oak street and had a lighted lantern on the seat. The Koop wagon, coming at a rapid pace, crashed into him and killed one of his horses. He had no chance to avoid him. O'Brien was driving on the proper side of the street.

Jep Thompson saw the accident as well as several other people in the vicinity, all of whom stated that Neil O'Brien was driving slowly. The horse is a black horse. The firm was offered \$175 for him this summer.

John G. Smylie, the driver of the Koop wagon, states that the accident occurred at about half past six o'clock in the evening. He was driving east on Oak street and when near the track was passed by a horse and rider, who galloped suddenly out of the darkness and caused his horse to bolt and nearly go over the embankment. Smylie did his best to save his horse and himself from going over the bank. While engaged in this he saw a quick flash of light and crashed into what he supposed was an auto. He was thrown from his seat into the seat of the other wagon.

As the shop turbine is being repaired there was no light in this section of the city and the darkness, in a way, contributed to confuse the drivers.

### RECEIVES A PROMOTION

John J. Cummins, is Made Chief  
Clerk at the N. P. Railway  
Shop Office

John J. Cummins, for four and a half years a clerk at the Northern Pacific railway shop offices, has been promoted to the position of chief clerk and succeeds Howard M. Smith. Mr. Cummins is a Brainerd boy well liked by all his associates and his many friends congratulate him on the success he has achieved in so short a time. John is one of these quiet boys who never gets excited and is always cool. The industry and executive ability he has shown will prove valuable aids in making him successful in his new field of endeavor.

Howard M. Smith succeeds H. A. Humes at Staples, and Mr. Humes is transferred to Glendive, Mont.

### RELIEF WORK

Capt. B. E. Corliss, of the Salvation  
Army, Will Attend to Army  
Relief Work

Capt. B. E. Corliss, of the Salvation Army, announces that the army will attend to relief work this winter and that he is anxious to help all destitute families who may apply for aid. The captain has had three years' experience in relief work in the twin cities and thus knows how to single out those who need immediate assistance. He may be notified by mail or telephone and will be prompt to render any help possible.

Donations of clothing may be sent to the Army headquarters at 219 South Fifth street, or they will be called for if desired. Donations of cash for relief work may be sent in the form of checks payable the Salvation Army and mailed, if desired, to Capt. Corliss. Money for relief work will be used entirely for such work. So far 10 families have been assisted since cold weather set in. Officers of the Army may be found at their barracks, 219 South Fifth street every morning until ten o'clock and again after four in the afternoon.

### AT LAST WE WIN A GAME

The Brainerd Independents Defeat  
the All Stars by a Score of 40  
to 0 Thanksgiving

STARS REDUCED TO STAR DUST

Proceeds Were Turned Over to Bachel-  
or Maid for Charity—Bemidji  
Cancelled its Game

The Bemidji Tigers cancelled the game with the Independents late Wednesday night and left the locals in a bad position, as they were unable to secure any other team on such short notice. A team composed of local stars was then organized and called themselves the All-Stars, and both teams agreed to turn the proceeds of the game to the Bachelor Maids to be used for charity.

A large crowd gathered at the McKay grounds to see the game, it being an ideal day. The Independent showed the effects of hard practice and the line as well as the backfield was in the game always and kept the All Stars continually on the defense.

It was only two minutes after play started that the Independents gained their first touchdown. They kicked off to the All Stars 15 yard line and after two downs the All Stars had to punt which was blocked and S. Sheffo raced over the goal for the first score. Mahlum kicked goal and the score was 6 to 0.

The All Stars then kicked to the Independents who returned 20 yards. Two forward passes worked successfully, but the All Stars line held, and the Independents punted. Bush was down fast and after getting the ball threw off several tacklers and crossed the goal for the second touch down. Mahlum kicked goal and the score was, Independents 12, All Stars 0. The All Stars kicked off to Alderman who returned 30 yards. Carlson went around the end for 7 yards and added 6 more on the next play.

(Continued on page four)

## OF INTEREST TO THIS SECTION

New Method of Treating Low Grade  
Ore May Mean Millions for This  
Section of Minnesota

THE PROCESS IS ECONOMICAL

Fierce Heat Metalizes Ore Under the  
Jones Method, Being Created  
From Gases Usually Wasted

An unusually interesting piece of news is contained in a telegram from Marquette, Mich., under date of Nov. 23, regarding a new method of treating low grade ore, the low cost of the process being one of the big factors in the discovery. The dispatch reads: Good news to the iron interests of the Lake Superior region has been received from Iron Mountain, Menominee iron range, the new process Ardis furnace there, operated by John T. Jones, having made a very successful test run the past week. The Jones system of manufacturing iron contemplates utilizing low grade ores, which are now worth less, as they cannot be used in other iron furnaces. Mr. Jones has been working on his invention for several years, but up to this time the difficulty has been to find any material for the furnace itself, which would stand up under the intense heat required to metalize the low grade ores.

The Ardis furnace went into service Thursday. The first of the continuous charges of ore went into the tube about 1 o'clock in the afternoon and was expected to work through the tube about 10 o'clock Friday. Its metalization at the start was hardly expected, as there was every chance that proper heat and gases could not be produced at the start to bring the ore through metalized. But instead of the metalized iron coming through the tube at 10 o'clock Friday, as was expected, it made its appearance between 3 and 4 o'clock or about six hours earlier than was anticipated, and to the surprise of all the product was perfectly metalized. The reduction of time consumed in metalization is considered an important development, as it greatly increases the productive capacity and so reduces the fixed charges. The ore used was from the Kloman property at Republic, in which Marquette capital is largely interested.

In this process the ore is metalized by hydrocarbons exclusively, which are contained in the gases coming off bituminous coal, the residue in the ovens being coke. The coke is then used in the cupola furnace in which the product of the Ardis furnace is manufactured into "muck" or bar iron. The fuel charge in operating the Ardis furnace is practically nothing, as the heat is supplied from gases that are ordinarily wasted, and coke, a valuable by-product, is left in the oven.

Mr. Jones is confident that with 1,200 pounds of coal he can produce one ton of 98 per cent iron, considering that the furnace utilized low grade ores, which, under other processes, can be used only in small quantities is accomplished with gases that are wasted in other manufacturing processes, mining men believe that the Jones invention has great possibilities and predict that it signals a new era in the iron industry of the world.

### Vanek-Gray

A pretty wedding took place on Thanksgiving day at the farm residence of Mrs. Mary Vanek, east Oak street, when her son Stanley F. was united in marriage to Pearl Clara Gray, of Bismarck, N. D. The ceremony took place at 10:30 in the presence of large number of relatives and friends.

Miss Maggie M. Vanek acted as bridesmaid for the occasion, the bride being gowned in cream silk and carried bride's roses; Miss Vanek being attired in white swiss and carried pink carnations. Joseph Vanek acted as best man. The home was prettily decorated with evergreen and the young couple stood beside an artistically arranged bower. The short ring service of the Methodist Episcopal church was used, with the Rev. Charles Fox Davis as the officiating minister. After the ceremony a wedding dinner was served.

During the evening a neighborhood party was given and a large crowd participated in its pleasures. The bride has made her home in Brainerd for quite a time and is well known to many. Mr. Vanek is a promising young jeweler of the city. Mr. and Mrs. Vanek will reside at 501 Holly street, being home to their friends next week. Their many friends extend congratulations.

### THANKSGIVING IN BRAINERD

Day Was Generally Celebrated by  
Churches and Individuals, Mak-  
ing it a Day of Good Cheer

Thanksgiving day was generally celebrated in Brainerd. The Northern Pacific railway shops were closed and the banks and stores also observed the holiday. Trains coming in and going out of the city carried many travelers intent upon serving the holiday.

The Eagles lodge on Wednesday evening gave a ball, banquet and program and also initiated a class of members. At least 200 people attended these ceremonies. Hope Hose Co. No. 1, gave its annual ball at Gardner's hall and drew a large attendance of young people who were well pleased with the music furnished by the Brainerd city band.

Union Thanksgiving services of the Baptist, Congregational, Presbyterian and Methodist churches were held at the Presbyterian church and attracted many worshippers. The Seventh street Lutheran church gave a well arranged program of vocal and instrumental selections and recitations.

St. Joseph's hospital, as usual, observed the holiday by doing many deeds of kindness in an unostentatious manner. The children of the Lincoln school contributed money and food which was distributed among the needy families. The Salvation Army did its share of good.

On the football gridiron the Independents and All Stars played the game of their lives for charity sake, the proceeds being turned over to the Bachelor Maids, and by them expended for charitable purposes.

The Grand theatre gave a special atinee performance and both afternoon and evening had crowded houses.

Taking the day as a whole, it breathed a spirit of cheer and good fellowship, of that brotherhood of man which is now being practiced as well as preached.

### SPECIAL CAR FROM BEMIDJI

For Brainerd Meeting With Long  
List of Business Men, Boosters  
for Northern Minnesota

DELEGATES ARE BEING NAMED

Benton County Gets Into the Associ-  
ation and Elects Delegates to  
Attend the Annual Meet

The Bemidji Pioneer says the arrangements were today completed for a special Pullman Palace sleeping car for the use of the Bemidji delegation to the meeting of the Northern Minnesota Development association at Brainerd on December 1 and 2.

"Do it for Northern Minnesota," is a new slogan coined today by Secretary Mackenzie for special use in Bemidji, and it is so inspiring that the following have signified their intention of going to Brainerd. The car can be boarded here and a good night's rest obtained as the coach will be set off in the Brainerd yards.

The list today stands as follows:  
G. W. Campbell, F. S. Lyan, A. G. Wedge, Jr., W. L. Brooks, Harvey Woodward, Charles Hayden O. B. Olson, C. R. Middleton, T. J. Burke, Andrew Johnson, Wm. McCaig, G. E. Kretz E. H. Denu, Albert Kleven, Jas. L. George, O. J. Weekley, Geo. A. Hanson, W. G. Schroeder, W. A. McDonald Jno. Graham, Dr. L. A. Ward, T. J. Crane, Earl Geil, C. W. Brandborg, W. N. Bowser, Chas. Knopke, N. E. Given, Anton Erickson, Geo. E. Ericson, Aug. Jarchow, C. E. Carson, L. G. Townsend, E. O. Eastenson, L. Tegner, W. P. Dyer, Viggo Peterson, Geo. Kinney, Roland Jenkins, C. W. Stanton, H. M. Clark, F. A. Wilson, Graham Torrance, Roy Ellier, T. J. Miller, O. C. Rood, J. P. Lahr, J. J. Trask, Phillip Gill, John Peterson, Jr., Emil Schneider, W. M. Ross, K. K. Roe, M. A. Spooner, J. K. Given, P. J. Russell.

The Clearwater county delegates elected are A. L. Gordan, Iver Krohn, Shevlin, O. L. Davis, M. J. Kolb, A. Kaiser, E. H. Reff, and F. S. Kaibery, of Bagley; Albert Anderson and L. Jensen Clearbrook; Thomas Welty and Adolph Peterson, of Ebro.

Benton county has elected delegates and the Sauk Rapids Sentinel says: Benton county has been admitted to membership in the Northern Minnesota Development association and will be represented by two delegates and probably a number of other boosters at the second annual convention to be held at Brainerd Dec. 1. This association is doing a tremendous lot of work in the way of boosting northern Minnesota and the convention will be one of the most important events of the year. The Benton county delegates who will be named are Henry J. Shoknecht, manager of the Crookston Lumber Co., and A. H. Turritin, cashier of the Benton Co. State Bank.

### Recruiting Station is Closed

The marine corps recruiting station in Brainerd, has closed today. This is the first one of a chain of offices, distributed over Minnesota, North Dakota and Wisconsin, to be closed during the next few months. There is great speculation among the members of the recruiting party as

## Guaranteed Plush Coats

There are many qualities of plush coats on the market these days. Some are good and some are sure to be disappointing to the purchaser. The average woman is wholly unacquainted with the quality of these garments and must leave the question as to the quality to the one selling it.

We have a guaranteed quality. We guarantee the plush to be the best made and will guarantee the service. Ours has a guaranteed satin lining which is guaranteed for two seasons wear and we will see that you get this service.

Of course the quality costs you a little more than the others but wouldn't you rather pay a dollar or two more and purchase a coat on which you run no risk? Think this over before you buy a coat.

**"MICHAEL'S"**

## Exceptional Fine Wool Coats

The fact that we are approaching the end of the season is, by no means, a reason for you to think that we have sold all of our best coats. We have seen to it that we receive a supply of new things all through the season so as to be sure to have the very latest styles. We have them too for we have received some beautiful things in the last few days. If it is coats—good coats—you must come to us.

**"MICHAEL'S"**

## About The Ribbon Sale

We added about 20 pieces to the number of ribbons we placed on sale Tuesday and still have a decidedly pretty line for you to select your Christmas ribbons from. This mean for bags for needlework of all kinds and for hair ribbons for girls.

There are 50c, 60c and 65c ribbons in the lot and you should profit by our sale when they sell at but..... **25c**

to which office will be closed next. Sergeants Honig and Essner will stop in St. Paul a few days, thence proceed to New York, N. Y., where they will commence a tour of duty in the navy yard.

### FOR CONSTIPATION.

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

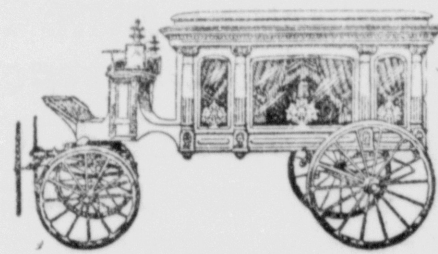

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store.

## TO THE FRONT Every Dog Has His Day

For the past sixty days automobile manufacturers, dealers, traveling men, and the trade in general have carried gossip of every conceivable nature concerning the **BUICK** Company and the **BUICK** Car. One could hear any kind of a report by keeping an ear close to the ground.

**IT IS A LONG LANE THAT HAS NO TURNING** and the **BUICK** Company have reached that turn by successfully floating a loan which puts them on their feet with a bang, and places them in better shape than ever before.

But in the meantime they were not idle, progress was being made, new 1911 models of the latest improved construction thruout were being built ready for the 1911 season.

The **BUICK** Company is **NOT** doing what practically all the other popular priced manufacturers are trying to carry out, that is, change the color of the paint, or some other minor detail, and continue the same models for 1911 that they used for 1910. And what is more they started out with the idea that they would be able to unload all of these at the same old 1910 price, but before getting very far they found that the supposed gullible public were getting wise to this fact; then in order to successfully get away with the proposition, they found it necessary to reduce the 1910 selling price, which was done forthwith. Later developments seemed to indicate that this would not solve the problem. Consequently it is hard to tell what the next move will be.

The fact of the matter in a nut-shell is, that the majority of the popular-priced Companies must necessarily do during 1911, just what the **BUICK** Company did in 1910, that is, make a general cleanup so as to bring out a new model car. Consequently, the **BUICK** Cars for 1911 are just one year ahead of the others, for their machines will be brand new models, having the latest of everything attached, and not a continuation of the old 1910 machines, which are now being sold by competitive manufacturers under the guise of new models by simply making a change in the paint, or something equally ridiculous.

We take it for granted that the automobile buying public are more than "seven" and when they buy a 1911 model—a real 1911 model they expect to receive, and if these manufacturers think they can put something over, they will be sadly mistaken.

**BUICK** cars for 1911 will show the result of the greatest effort on the part of the best trained engineers in America today, to turn out new 1911 models that will be the equal of machines costing several times as much, but at popular prices.

Furthermore, we have been in the business a sufficient length of time to thoroughly understand that we dare not make these assertions unless we have the goods to back them up.

Another thing, the story has gone broad cast that **Sears-Roebuck & Co.** are selling **BUICK** Cars, and at a ridiculous price, we want to simply say that this report is a lie out of the whole cloth.

**Sears-Roebuck & Co.** have never sold nor had for sale any **BUICK** Cars and furthermore we will pay **\$1000.00 COLD CASH** to any person who can prove to the contrary.

All our models will be available within the next thirty days, so don't hurry, take a peep at the 1911 **BUICK** Line before making your selection. We will have something to show you that will be worth waiting to see; we have never misled you and will not this time.

## To The Dealers in the Country

We want to say to you, don't take any stock in the malicious stories that are being circulated broadcast concerning the **BUICK** Company, for this Company is now in better shape financially and in every other way than ever before, and there is absolutely no truth in any reports to the contrary. Competition is trying hard to discredit the **BUICK** Company and the **BUICK** Car for they well know they will have hard sledding to sell their machines when the really new 1911 **BUICK** Cars make their appearance on the market. We simply want to say to you, **PIN YOUR FAITH TO THE BUICK CAR**, and you will be the big winner in your locality, for the **BUICK** Company and the **PENCE AUTOMOBILE CO.** are too energetic to be followers or in other words bring up the rear. They are only satisfied with one position, **THAT IS IN FRONT**, so don't close up on any automobile agency for 1911 until you have seen the **BUICK** Line, and have had a talk with the **PENCE AUTOMOBILE CO.** Get in touch with them at once.

## AT LAST WE WIN A GAME

(Continued from page three)

attempt. Kylo made 8 yards and on the second attempt the ball was fumbled. The Independents then punted and Mahlum got the ball and made the third touchdown. He missed goal and the first quarter ended with the score 17 to 0.

In five minutes after the second quarter started the Independents had again crossed the goal. Carlson advanced the ball 25 yards on kick-off, and S. Shefflo nearly as far on a forward pass. Kylo hit the tackle for 12 yards and Alderman then scored the next touchdown. The ball was punted out unsuccessfully. The Independents then kicked off to the All Stars 10 yard line who returned 15 yards and punted to H. Shefflo in mid field, when the whistle blew for the first half. It was then decided by Capt. Kylo and Capt. O'Connor to cut the next half to 20 minutes.

In the second half of the game Kylo went in at quarter and the Independents soon rushed the ball to the 10 yard line, a forward pass from Carlson to Shefflo was successful and he crossed for a touchdown, making the score 27 to 0. Mahlum kicked goal and the score advanced to 28 to 0.

The loss of Little at left tackle was felt during the game, he not being informed of the game and going to Minneapolis on a pleasure trip.

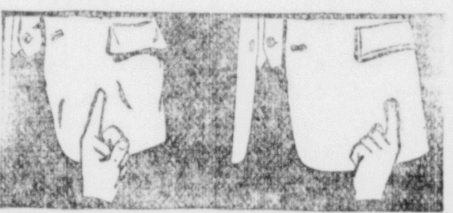

The All Stars defense became practically demoralized and in quick succession, Mahlum, Carlson, Alderman and Kylo made good gains on end runs and forward passes. Bush grabbed a forward pass and ran for the next touchdown. Mahlum then kicked goal and the score was 34 to 0.

The next touchdown came after a beautiful forward pass from Alderman to Carlson, who ran to the 8 yard line before being tackled, from there Alderman carried it over. Mahlum again kicked goal and the game ended with the score, Independents 40, All Stars 0.

Considering the amount of practice the All Stars had, they put up a good fight. The stars for the All Stars were Purdy, Parker, H. Koop and O'Connor. For the Independents it would be hard to name the stars for the entire line put up a great game. Both S. Shefflo and Bush were fast on punts and deadly in their tackling. Carlson, Alderman, Kylo and Mahlum worked like a machine in the backfield. The following was the line-up:

Independents—S. Shefflo, left end; Kylo, left tackle; R. Barron, left guard; Ox Mahood, center; J. Barron, right guard; E. Swanson, right tackle; Bush, right end; H. Shefflo, quarter; Alderman, left half; Mahlum, full back; Carlson, right half. All Stars—Purdy, left end; J. Dougherty, left guard; C. Willis, left guard; A. Swanson, center; F. Koop, right guard; H. Koop, right tackle; G. Erickson, right end; Q. Parker, quarter; O'Connor, left half; Lucas, full back; Trent, right half.

## Are Your Coat Pockets

Like This? Or This?

**YOU** never have sagging, disreputable coat pockets to be ashamed of, when you wear Clothcraft Clothes. The non-sagging pocket is one of the details that give Clothcraft Clothes their peerless perfection.

The same difference between Clothcraft and ordinary clothes is found in the non-breakable coat front—the linings—the trimmings—the snug fitting collar—in every point of clothes merit.

Pure All-Wool absolutely guaranteed by the maker, and by us—in the fashionable shades and weaves—\$10 to \$25. Wool lasts. Wool keeps its style and shape as long as you wear the suit. You never had all these things guaranteed to you before. Why should you look any farther?

**J. F. MURPHY & CO.**

GENERAL OUTFITTERS, UNDERTAKERS and EMBALMERS, PLUMBERS and STEAM FITTERS

## GIVES AWAY \$2.50 TO THE SICK

The Widely Known Nerve Specialist,  
Franklin Miles, M. D., LL. B.,  
Gives His Book and \$2.50  
Worth of Neuropathic  
Treatment Free

Sick people whose nerves are weak or deranged, who have a weak heart, liver, stomach, kidneys; blues, headache, dizziness, drowsiness or dullness; nervous dyspepsia, irritability, cold hands and feet, backache or rheumatism; shortness of breath, palpitation, irregular heart beat or dropsy, nervousness or sleeplessness, trembling or hysteria, would do well to accept Dr. Miles' liberal offer. You may never have another such opportunity.

His Neuropathic Treatments for this class of diseases are the result of 25 years' study and immense experience and are thoroughly scientific and remarkably successful. They are so successful that we do not hesitate to offer a trial free to any sick one.

Every treatment is specially prescribed for each patient and consists of a curative elixir, tonic tablets, eliminating pills and a plaster. Years of trial have proved that his treatment is ten times as successful as that of other physicians. We often cure after 5 to 20 days.

Mr. U. McLean, Neola, Iowa, cured after having heart trouble 12 years. Mrs. Louisa Beemer, Vestaburg, Mich., cured of heart trouble after 7 physicians failed. Mr. L. M. Simmons, Lamb, Ill., cured of kidney trouble after several physicians failed. Mrs. Joseph Wisler, Peru, Ind., writes: "Owe my life to your treatment". Our book gives many wonderful cures.

Write the doctor at once. Describe your disease, stating age, weight, how long sick, etc. He will send you FREE, a \$2.50 Neuropathic Treatment prepared especially for you valuable advice and his new book on "Neurology"—"Curing through the nerves." Address, Dr. Franklin Miles, Dept. N., 1428 to 1438, Main St., Elkhart, Ind.

Nothing Left.  
"Where were his remains buried?"  
"Oh, he met a hungry bear."—Lip-pincott's.

## The Famous Rayo

The Lamp with Diffused Light

should always be used where several people sit, because it does not strain the eyes of those sitting far from it.

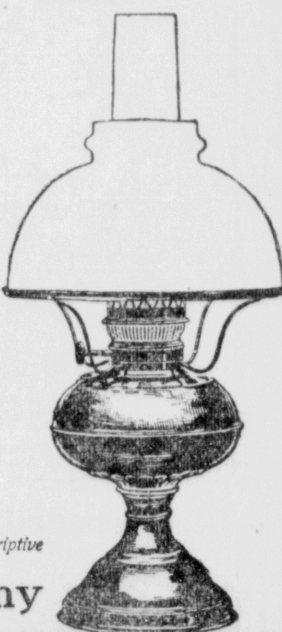

The Rayo Lamp is constructed to give the maximum diffused white light. Every detail that increases its light-giving value has been included.

The Rayo is a low-priced lamp. You may pay \$5, \$10 or even \$20 for other lamps and get a more expensive container—but you cannot get a better light than the Rayo gives.

This season's Rayo has a new and strengthened burner. A strong, durable shade-holder keeps the shade on firm and true. Easy to keep polished, as it is made of solid brass, finished in nickel.

Once a Rayo User, Always One.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the
